

January 27, 2023

Arts Management Systems Ltd.
1110 Maggie Street SE
Calgary, AB T2G 4M1
Canada

To Whom It May Concern:

This letter acknowledges that Arts Management Systems, LTD has engaged SecurityMetrics to conduct an onsite Payment Card Industry (PCI) Software Security Assessment. Our assessment team has been working with Arts Management Systems, LTD since November 2022. We have completed testing of the application and are conducting the forensic analysis of the test results. We will have the Report on Validation ready to submit to the PCI Council shortly after the forensic testing is complete. We are anticipating the report to be completed by February 28, 2023.

This engagement will be valid through completion of the ROV or one year from the engagement date (see Statement of Work for details).

SecurityMetrics, Inc, is a privately held corporation based in Orem, Utah. SecurityMetrics is a registered PCI QSA, PA QSA, P2PE, SSF, ASV, and PFI Investigator with the PCI SSC. SecurityMetrics' services and products include vulnerability assessments, security appliances, on-site security assessments, forensic analysis, and penetration testing. Visa, MasterCard and American Express have certified SecurityMetrics programs for merchants who are required to adhere to the PCI Data Security Standard.
